Dear Mr. Haney:

Subject: 0316000011 - Cook County/Chicago
Department of Streets and Sanitation
103rd Street and Doty Avenue Landfill
Compliance file

This letter is in response to your letter of July 29, 1988 regarding the first quarter of 1988 monitoring report for the above subject site.

On August 9, 1988, Mr. John Gschwind of the Metropolitan Sanitary District of Greater Chicago telephoned Mr. Kevin Rogers of your staff who stated that the monitoring report for the first quarter of 1988 for the above subject site was not received by your office. Your records do show, however, that the report for the second quarter of 1988 for the above subject site was received by your office.

Analytical results for the well sampling of January 20, 1988 at the above subject site (first quarter of 1988 sampling) are enclosed on the required chemical analysis forms for Wells G101, G102, G103, and G104.

No sludge was delivered to the above subject site during January, February, and March of 1988.

Very truly yours,

EPA Region 5 Records Ctr.
